**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Hi Denise,

Marty Rowland is probably the best place to start, he will direct you to the right person if he doesn't know. Right now he is also in contact with Removal about additional sampling so you may have to specify that you are not calling in regards to that. Let me know if you have any trouble finding the usage information.

Marty Rowland, Ph.D., P.E.  
Senior Project Manager for Environmental Remediation

**Subject:** NYC Parks and Recreation Dept Contact

Good afternoon Andrew,

I am working on the Columbia Smelting & Refining target information. I need to contact someone from the NYC Parks and Recreation Department in regards to obtaining worker (full and part time) information as well as quantifying the recreational personnel usage. I know you have a few contacts over at the Parks Department that may be familiar with the investigation; can you provide me with any contact you think may be of use? They also seemed a bit sensitive on the subject of sampling and I didn't want to raise any additional concern (a single contact may be better than just calling up the front desk and inquiring). Thanks in advance!

*Thank you,*  
*Denise Breen*
